

MimioVote assessment system

Perform real-time student assessment with the convenience and ease of a clicker that recharges and renumbers.

Real-time formative assessment has never been easier. With the MimioVote™ assessment system, the results are immediate and the feedback has value. Teachers know who is learning and who needs help. And when students don't have to think about how to use the device, they can concentrate on answering the questions.

- The intuitive design provides instantaneous teacher-led or self-paced evaluation, without the hassle typically experienced with ordinary assessment tools. Teachers get accurate, real-time results and eliminate the extra workload of manual test correction. What's more, they can download results into spreadsheets and lesson plans to easily track learning.
- Quick-poll during a lesson to see who's getting it and who needs some help.
- Reduces student confusion by illuminating only the answer buttons needed for each test.
- Easily import standard tests and publishers' content.
- Compatible with MimioStudio™ templates and Microsoft PowerPoint.
- Automatic recharging means tech directors don't have to deal with battery replacement.

“It really has allowed us to do real-time formative assessment with students.”

**Michael Bednarz, Director of Curriculum
Stafford Springs, CT**

MimioStudio software—so easy to use and engaging, your teachers will use it every day.

The MimioVote assessment system includes the dynamic MimioStudio classroom software. It connects the Boxlight products, so using other tools—from the document camera to the pen tablet—is quick and easy. MimioStudio software allows educators to create interactive lessons and collaborative activities, and perform real-time formative assessment. **Take learning even further with our MimioMobile™ app, which brings group learning and collaboration to almost any device.**

Specifications

Software Requirements	MimioStudio 11 and higher on a Windows, Mac, or Linux OS
Range	9 m (30 ft)
Response Time	As low as 1 millisecond.
Controls and Indicators	8 response buttons, 2 forward/backward buttons, and 1 help button.
Max Number of Devices	Combine two trays of 32, up to 64 units per classroom.
Communication	Wireless with the MimioHub, which inserts into computer USB port.
Radio Frequency	2.4 GH
Power Consumption	5 V 3.0 Amps via EIAJ-2 (1.7mm ID, 4mm OD)
Dimensions	Handheld: 25 mm x 90 mm x 61 mm (1 in. x 3.54 in. x 2.4 in.) Charging tray: 548 mm x 92 mm x 241 mm (21.6 in. x 3.6 in. x 9.5 in.)
Weight	Handhelds and tray: 5.2 kg (11.5 lb).
Operating Temperatures	0°C to 50°C (32°F to 122°F). Limited by LCD display.
Storage Temperatures	-10°C to 60°C (14°F to 140°F). Limited by LCD display. Operating humidity: 15% to 75% non-condensing. Storage humidity: 0% to 90% non-condensing.
PowerPoint Support	Create questions, polling, present results.

Question/ Answer Format	Multiple choice (A-E), yes/no, true/false, chime in, question.
Question Data Import	ExamView importer (Blackboard 6.0 – 7.0 format).
Question Preparation	MimioStudio Notebook allows for question preparation with correct answers. Questions can be timed.
Response Monitoring	Results can appear instantly, or be viewed at a later time. Users can be allowed to modify their response.
Response Modes	Operates in teacher-managed or student-managed modes.
Gradebook	Create a class; add students; import, export, and archive student lists; assign a student ID.
Device Numbering	Devices are automatically numbered when returned to the charging tray. Numbered devices can be assigned to a user’s name through the Gradebook. Results can be captured by assigned user number or anonymously.
Battery / Battery Life	1 lithium-ion battery per handset. Fully rechargeable; typically 3 years.
LCD Screen	Displays device number when stored in tray. Navigate backward and forward to display question number and student response during self-paced assessment.
Button Color	Ability to turn on/off button colors or change individual button colors within tool bar.

What’s in the Box

32 MimioVote rechargeable handheld devices, removable docking and charging station, 1 MimioStudio classroom license, 1 MimioHub™ wireless receiver, 1 global power supply.

We know how important it is to feel confident in the tools you use every day, so we make sure you can count on our products and service.
